Public Meeting

In the Oddfellows' Hall, on Monday evening, Oct. 2nd, at 8 o'clock, there will be held a citizens' meeting for the purpose of organizing a social club. The committee on constitution, appointed at the preliminary meeting, will present its report, after which officers will be elected for the winter. Considerable interest in this movement has already been displayed; and, from all indications, it would appear that there is to be a real good time for everybody during the next few months. The cooperation of every citizen is solicited; and a town-wide invitation is extended in this connection. Be sure to come, then, on Monday evening, and help. All up!

"Kick In"

Announcement is made by the management of the Blaimore opera house that W. B. Starnore's production of "Kick In" will be presented here on Thursday night next, and at Coleman on Wednesday. "Kick In" is a sensational drama from the pen of Willard Mack. It is a companion play to "Within the Law." It is the most recent of the best of the "Kick In" series, and is a town-wide invitation in this connection. Be sure to come, then, on Monday evening, and help. All up!

The plot is a series of clinches, it deals with the underworld of New York and exposes the police methods of "hoarding" those who are endeavoring to correct themselves from law of crime. It is the play of the future in America today, and The Pass playgoers can look forward to a big sensation when the play arrives here. All equipment necessary for the big production, carried by the company, will be used here.

Institute of Technology and Art

Teachers Courses Leading to First Class Certificates

Arrangements have been made here by teachers holding Grade XI, certificates may obtain a Grade XII, or First Class Certificate while still remaining in charge of their schools. It has been the policy of the Department of Education to encourage teachers to equip themselves for public service to the highest point of efficiency. Many school boards have placed them on record as favoring the engagement of holders of First Class Certificates only. For higher academic qualifications evening classes, special courses and summer sessions have been of great value. The Provincial Institute of Technology and Art now offers extra-annual courses in any or all of the subjects required for the Grade XII, examination. Instruction and guidance will be rendered by the members of the staff, who are highly qualified specialists in the various departments. The system of tuition and instruction, and the confidential report of the staff will be recognized by the Department of Education. Classes by correspondence in the various subjects will be started not later than October 1st. Already many enquiries have been received as to the scope of the courses offered, so that the enrollment of students will be large.

Further announcements as to the details of the courses will be made to the various schools and officials in the Province. Applications should be forwarded to G. H. Iselin, M.A., Provincial Institute of Technology and Art, Calgary, as soon as possible, and not later than October 1st.

Anglican Church

The Harvest Thanksgiving service will be held on Monday evening at 7:30 and will be of a special character as a means of rendering thanks for all the gifts of God. The service will be conducted by the Rev. H. Clay, who will preach upon the subject "Sowing and Reaping." A hearty invitation is offered to everyone and it is hoped there will be a good congregation present. Sunday school will be at 2:30 as usual.

While the Province of Alberta has responded nobly to the call of patriotism, the medical profession of Alberta has done even better. From the city of Edmonton alone forty-two medical practitioners have gone into it medical service. From the ranks of active practitioners numbering 118. From Calgary forty-five out of 100 medical men have gone to the front.

Council Meeting

At the regular meeting of the Blaimore town council held last night very little business of interest was transacted. The minutes of previous meetings were approved and several accounts passed for payment.

In reply to communication from the Dominion Guarantee and Accident Assurance Co., the mayor and secretary were instructed to fill out statutory statement of claim against William Joyce, former secretary treasurer. The statement sets forth that the town has never received the proceeds of a cheque issued in December of January last by the Western Canadian Cilleries Co., and which was honored at the Union Bank of Canada on the endorsement of said W. Joyce. The statement further claims that half proceeds of a cheque issued by Lant, Jones, McKay & Co., of Calgary, this year, had never been turned over to the town or placed to the credit of the above firm. The former cheque was on account of water supply and the latter on account of taxes.

It was decided to have the Rocky Mountain Cement Co. place a light at the bridge crossing the river on Sixth Avenue. The placing of a light at this point will fill a long-felt want.

Tourists Are Generous

That the tourists who are coming to Western Canada every summer in considerable numbers have their sympathies in the right place is indicated by a little voluntary collection taken up at the P.H. Chalet at Lake Louise a short time ago on behalf of the Canadian Red Cross. As a result of this collection Manager Evans, of the Chalet, has forwarded to the Calgary branch of the Red Cross the sum of \$25.00, which was much appreciated by the Red Cross as cash donations are greatly needed. The visitors who contributed to the collection represent many parts of the globe, but were mainly from the United States.

Wedding Bells

OGILVIE-LEES.

A wedding of unusual interest took place at the Presbyterian manse, Cowley, on Saturday, September 23rd, when Miss Nora Lees, of Burnia, was united in marriage by Rev. W. M. Chalmers, to Sergt. J. P. Ogilvie, of the 15th Canadian Overseas Battalion, and the couple appeared charmingly dressed in a suit of brown velvet, and was attended by her sister, Mrs. James Graham, of Burnia, while the groom was supported by his brother-in-law, Sergt. J. Graham, of the 12th Battalion. After supper, served at the manse, the happy couple left for Calgary, where they will spend a few days before Sergt. Ogilvie leaves with his battalion for England.

We wish the sergeant a safe passage, also a safe return, and many bright and happy days of wedded life. After the ceremony, James Oliver Lees, youngest son of Sergeant Graham, was presented for baptism at the manse.

BUCIAN-TAYLOR.

A quiet but pretty wedding took place at 2:30 o'clock on Monday afternoon, at the pro-cathedral, Calgary, when Helen, eldest daughter of Mrs. H. B. Taylor, of Twicken, married, and Miss Lillian C. Bucian, of the 11th Battalion, served Camp, were united in matrimony. The bride, who was given away by her mother, made a charming picture in her outfit of white serge and white velvet with orange pink and silver broad trimmings, carried a handsome bouquet of lily of the valley and white sweet peas.

Mrs. Taylor, mother of the bride, wore a modish costume of navy silk poplin and hat to match and carried a bouquet of pink roses. Miss May and Elsie Taylor attended their sister as bridesmaids, attired in silver lace, velvet suits and large velvet hats with yellow mounts and yellow chrysanthemum corsage bouquets. Miss Arthur Williams, of the Royal Canadian Mounted Police, acted as bridesmaid. After the ceremony the party, accompanied by Dean Paet, went to the Alexander hotel, where the wedding breakfast was served.

We Have Doubled

The output of our bakery this summer. This is not advertising talk; it is an absolute fact. There is only one reason for such an increase:

QUALITY

Where we may have failed in satisfying a few, we have succeeded in filling in a long-felt want in a great many homes—a wholesome home-made bread. Don't say "bread" when you order from your dealer, insist upon BELLEVUE. The dealer who supplies Bellevue Bread is a good man to know. He is discriminating and believes in giving his customers the best. Ask him to order any of our products for you—Jelly Rolls, Short Bread, Fruit Cakes, Cup Cakes, etc. Order your "Five Friday" apples, loganberry and coconut cream to be delivered Sunday morning.

Bellevue Bread is served at the following places: Blaimore—Alberta Hotel and Allied Cafe. Hillcrest—Union Hotel

Sold by the following dealers: BLAIRMORE—F. M. Thompson Co.

Editor Norman, of the Coleman Bulletin, says that "because of principle" he has turned down large contracts for mail-order liquor advertising, while he could have made good use of the money. If reports are correct, he should accept money from almost any source and "make good use of it." There are other principles to honor

Suit for \$1,000,000 was filed recently by Harry Ford, the Detroit automobile manufacturer, against the Chicago Tribune in the United States court at Chicago. Ford asks for personal damages as compensation for an editorial printed in the Tribune on June 23rd, which, it is charged, called him an anarchist.

Ask For BUSINESS

Only one's most intimate friends go to one's home uninvited, and the extent of one's calling list is determined by the number of one's calls

In business the same facts hold. Every merchant in this town knows scores of families here and in the country round about, whose tugboat he does not possess. Mutual acquaintance is the first step towards getting these families as customers, and acquaintances can most surely be developed by invitations or calls made through the medium of advertising in the Blairmore Weekly Enterprise.

To The Merchants

Show your desire for business by asking for it. A merchant who does not ask for business is supposed not to want it very keenly.

Fred Chappell was up from Cowley last week and on a visit to his family.

Dr. MacKenzie, who motored to Calgary, returned by train on Tuesday.

Leslie Tomlinson and John Tucker went to Calgary on business this week.

Mrs. James Callan and Mr. Wm. Fisher went to Calgary on Monday night.

Mrs. A. J. Law returned on Saturday from a short visit to Calgary, where she was visiting her sister.

Mrs. Jack Oilphant, Mrs. F. Boney and Miss N. Mitchell were visitors to Calgary during the week.

Quite a number of Bellevue people attended the dances given in the Union hall at Hillcrest on Friday last.

Mr. and Mrs. D. Morris went to Calgary this week to see their son James, who is shortly to leave for overseas.

Miss Mary Boney has accepted a position at the Bellevue post office, and entered upon her new duties this week.

A fine residence is being erected here for Mr. L. P. Roberts, who it is understood will shortly move down from Blairmore.

The streets of Bellevue are being lighted and the arches of lights across the streets give the town a very attractive appearance.

Rev. A. J. Law went to Calgary on Tuesday to attend the convention of the secretaries of the district on Social Service and Evangelism.

A rather serious fire occurred here on Friday last, when the homes of Angus Jucker and Jacob Neve were completely destroyed with all their contents. It is understood that some insurance was carried.

Mrs. A. Wardman, of Burmis, and Mrs. George Knowles and daughter Mabel, of Bellevue, have just returned home from a two weeks' visit to friends at Lethbridge, Medicine Hat, Calgary and Edmonton.

Sunday, October 1st, will be rally day in the Sunday schools of Hillcrest and Bellevue. All the old students and the many new ones are invited to be present for the occasion. The morning and evening service will be for the boys and girls. Everybody welcome.

Cowley Happenings

Robt. Swinney, of Fishburne, paid a visit to his parents this week.

Mrs. Latta was a business visit to Pincher Creek on Thursday.

J. F. Lank made a shipment of milk cows to his Blairmore dairy last week.

Mr. and Mrs. Easterbrook are spending a well-earned holiday in Winnipeg.

A. McDougall and daughter Mary, of Fennie, were week-end visitors here.

G. W. Buchanan has started threshing and reports a good yield at high quality.

Mrs. Murphy was renewing old acquaintances at Pincher Creek on Thursday last.

Considerable difficulty is being encountered in getting cars for grain shipping.

Meers, Dick Lloyd and Pat Foley, of Maycroft, were visitors to town last week.

J. G. Swinney and Miss A. Swinney were visitors to Pincher Creek on Thursday last.

Miss T. Connor, of Mead ranch, is spending several days at the Easterbrook ranch.

We regret to say that Miss Edith Gilmore is laid up with neuritis in the hands and arms.

Mr. and Mrs. J. F. Lank, of Blairmore, were business visitors here the early part of the week.

Mr. Fidler, of the department of municipal affairs, was here this week inspecting the books of the village.

J. Prosser and family, of Coleman, have taken up residence in Cowley. Vacant houses are now at a premium.

A. Noel Cox and wife were in Cowley last Wednesday. Mr. Cox is leaving to rejoin his battalion at Camp Hughes.

Frank Horne, of Vancouver, was a Saturday visitor to Cowley, to look at some poultry he had purchased in the Porcupines.

The Doukhobors' elevator, which is nearing completion rapidly, would remind one of a New York sky scraper towering over the village.

J. E. Hodgson, inspector of schools, was touring the district last week by motor, inspecting the rural schools in the North Fork country.

Meers, Frost and Johnson, of Fremont, Nebraska, are business visitors here. These gentlemen are interested with Nels Nelson in the cattle business.

W. G. Dodson and family have taken their teams and wagons to Clearholm for the threshing season, after which they will return to Cowley for the winter.

J. A. Burt, of the Heath Creek saw mill, has closed his mill and joined the Pioneers. He claims he has a holiday coming, anyhow, and that business can wait.

The Doukhobors have three large steam threshing outfits to put to work in the district. Those who have previously availed themselves of their services state that they do satisfactory work.

Thomas Webb shipped two cars of fine beef cattle to Calgary stockyards last week. Three cattle came from Mexico several years ago, and now after getting all they could eat for that length of time, are hardly distinguishable as Mexicans.

1000 Pairs of Socks Wanted

The Alberta branch of the Red Cross makes an appeal to all its branches throughout the province, and to all societies interested in Red Cross work, to assist in raising the 1000 pairs of socks required to complete the 2000 pairs Christmas stockings to be forwarded from Alberta. Wednesday, October 4th, will be observed as sock day for the province, and all who can assist should hand in their contributions to Mrs. Carter not later than Tuesday next.

General Botha

Sternly Resolute

An Incident of the South African
Campaign

How determined and resolute General Botha can be is attested by a story which the London *Standard* tells in its life of the late general. During the later stages of the South African war Mr. Botha spared no efforts in his role of peace-maker. General Botha, however, was not always in the mood to listen to peace talk, and, indeed, there were moments when he was so much worried by Mrs. Botha as a messenger of peace.

"On one occasion Mr. Botha had travelled for three days to reach his husband with a new suggestion from the British Headquarters. Arriving at the headquarters, he asked that his presence should be reported to the General. At first they did not know where to find Botha, but at last he was found walking up and down in some agitation. Asked by his wife, he said to her, instantly, 'You must not let me go to the front. I have arranged a battle. You must get back as soon as you can,' he said. 'I am blowing up the line.'

"She had only gone a few miles when she was stopped by a British soldier. She came upon the British lines and reported herself to the British general, who had let her through. He told her to get back to Pretoria. 'But my husband is going to blow up the railway,' she remarked. 'He won't blow it up if you are on it,' replied the British General, with some plausibility, and so she went. 'She travelled in a train full of soldiers, but her presence on the train did not change her husband's Spartan purposes. The line was blown up and the train stopped. The soldiers marched off. Mrs. Botha and a companion were left for three days with the engine-driver and the stoker.'

SAVE THE CHILDREN

Mother who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera, infantism and diarrhoea carry thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent their coming on. The tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers, or by direct mail from a box from Dr. Williams' Medicine Co., Brockville, Ont.

German Talons Uncoiled

No little attention is being attracted by Sir Henry Dalziel's campaign in favor of the confiscation of all German funds in Great Britain as a means of expressing public opinion on German atrocities in a form the British could understand. Opinion is gathering weight in Canada that the idea is a good one.—*Montreal Mail*.

"Am I good enough for you?" sighed the fond lover.
"No," said the girl, candidly.
"You're not," said the lover, "for any other girl."—*New York Times*.

To Continue Exploration

Stefansson Plans to Discover Extent
of New Northwest

A letter has been received by G. J. Stefansson, deputy minister of naval service, from the Hon. J. G. Macdonald, minister of the interior, regarding the exploration of the northern coast of Canada.

The letter gives additional details of the work done by the party and supplies some information as to Stefansson's future movements.

The letter states that Stefansson's plan had been made a noteworthy discovery of the new land, which he discovered a year ago, with the object of discovering its extent and whether any territory existed north of there.

As a result of the fact that his ships did not succeed in getting far north in 1915, however, of trouble with his dogs, the explorer was unable to carry out his design.

Both that and the other carried to Edmonton by the overland route, of going to Nome, Alaska, the rest of his companions, has reached him and is preparing to return to the Geological Survey Department.

Mr. Chapman, who was topographer with the expedition, travelled by way of the Mackenzie and Athabasca rivers.

Medals and Badges
Must Be Authorised

Warning Issued to Public Against Copying Uniforms or Wearing Military Decorations

It has been brought to the attention of the military authorities that a great many unauthorized persons are wearing uniforms and military decorations or medals and by doing so are bringing into disrepute the military uniform and the military authorities.

It is felt by the military authorities that the general public are not aware that it is unlawful for an unauthorized person to wear uniforms or medals and the following extract from a recent Order-in-Council must be noted by the public:

"It is unauthorized for any person to wear any naval or military uniform or any uniform when the wearer is not a member of the naval or military forces or of the Canadian Militia, or if any person wears any naval or military uniform, it is guilty of an offence under the Naval and Military Uniforms Act, 1908, and on summary conviction under the provisions of that Act is liable to a fine not exceeding \$50, and in default of payment is liable to imprisonment for a term not exceeding three months."

Works Both Ways
Whatever the idea, the Tontons are setting a precedent full of danger for the side likely to be defeated. In case the entente troops should eventually reach Berlin and parade through the city, it might be a question of expatriating by way of making stronger allied frontiers, a few million Germans and Austrians.

Liquor Advertising

Quite a number of the local papers in the province are displaying large multi-order liquor advertising, and are receiving practically double the usual advertising rate for doing so. The majority of the papers, however, have refused to accept such advertising and in consequence are losing hundreds of dollars a year for principle's sake. The business men of the province are reaping the benefits of prohibition in increased business, but too often the newspaper man, who did so much as anyone to bring about prohibition, who lost hundreds of dollars' worth of advertising during the campaign, and who is again turning down tempting offers from the malcontent liquor firms, is entirely ignored so far as advertising is concerned, by the local merchant.

"We have an idea, which we are almost too modest to mention, that those who claim to believe in the principle of 'Render to Caesar his due,' should allow the newspapers to share in the property that has come largely through their efforts.

"It was reported that the Calgary Herald last year more than made up for the loss of liquor advertising by the loyalty of the temperance people to that paper. The papers in the province have not fared so well, but are hundreds of dollars out of pocket as the result of their loyalty to principle."

The above is from the pen of Rev. R. K. Peck, editor of the Starvelly Advertiser, and represents a condition, found in this province generally. During the prohibition campaign we approached local merchants, urging them to give us in increased advertising support, so as to be able to take the right stand in the campaign. They refused to answer our appeal, so we took an independent or neutral stand and required that each party pay for space occupied. During the whole campaign we never expected ourselves to be in favor of or against the new law, but we did not expect our clients to be so cowardly with the support necessary we certainly would have endeavored to obtain.

The same may be said in regard to the local news foreign advertising. If the local merchant would support the local paper as he should, the acceptance of liquor advertising would not be necessary. A month or so ago we announced that unless the local merchants would come through with the advertising support we would be obliged to accept the foreign advertising contract, but at a higher rate than was required from the local merchant. For years we have given space to defend the local merchant against the mal-content liquor firms, but the local merchants have never attempted to appreciate our efforts and we are obliged to accept support from elsewhere.

New Peace

River Pamphlet

The Department of the Interior, at Ottawa, has just issued—through its Railway Lands Branch—a very comprehensive pamphlet dealing with that new Mecca of the landowner, the Peace River country.

While a few pioneer settlers have from time to time penetrated this portion of Northern Canada, it has only been within the past few years that it has been possible to regard the great Peace River Valley as within the reach of the homemaker. The almost insurmountable difficulty in taking in supplies and machinery, and the corresponding lack of marketing the crop rendered this fertile and Canada's hinterland a veritable terra incognita.

While—as has been said—last few have explored this district, many will be surprised to learn that so long ago as 1876, grain from the Peace River captured the trophy in competition with the world at the Centennial Exposition in Philadelphia.

This publication deals with all the subjects which naturally come themselves to the average inquirer. Under the headings of Agriculture, Timber, Minerals, Game and Transportation, the pamphlet gives a mass of information. Climate and rainfall are also treated. Numerous extracts are given from the reports of well known explorers and scientists who have visited the country, dating from the beginning of the last century, down to the present day. There is a consensus of opinion among these authorities as to the adaptability of the Peace River to growth of all grains and root crops. The great amount of available grain obtained in this northern hinterland renders vegetation both rapid and luxuriant.

In the Peace River district the seasons change very quickly, so that as soon as the snow melts the ground is ready for

seeding. The soil in some places, consists of a rich black loam. In others it varies from a blue clay with a topsoil of sandy loam—from two to six inches—over a sandy loam, much desired by wheat growers.

Vegetables attain a large size. During the larger part of the winter season cattle and horses may remain outdoors. This is a country adapted both to mixed farming and stock raising.

This useful publication is being distributed free of charge by the Railway Lands Branch, Department of the Interior, Ottawa.

A Disappointed Bride

One of the brides to be in this country during the wedding season from the Upper Canada firm, and although the marriage is to take place soon, the stationer has not arrived. Mutual disappointment. First class stock and prompt attention.—Oxford Journal.

When the above marriage takes place we wonder if this bride will get the wedding from the Upper Canada firm? Of course she won't, and then she'll undoubtedly expect the newspaper to give her a great "send-off" and say how sorry they were that the wedding was postponed. The Upper Canada firm's wedding stationer.

This is a matter that intending brides all over the country should seriously consider, and so should the newspapers too.—Toronto News.

A new way to kill the rats which infest the trenches is reported by a South African officer writing from France. He says: "We found that one of our men putting a bit of cheese on his lap and starting a rifle every time a rat tried to eat it."

Five convictions for infraction of the new liquor act were recorded at High River one day this week when fines aggregating over \$500 went to the coffers of the provincial treasurer.

We are told that the proper pronunciation of "Somme" is something close to "swim," which reminds us of the American in London who remarked to a Britisher, after reading an account of the Somme fight: "Some fight?" "Yes," replied the Englishman, "and none don't."

Alberta is expected to raise half a million dollars for the Patriotic Fund this year. Quite right too, but the trouble is that that amount will be raised by people who pay over and over again, while many of the people in the province never subscribe a cent toward the worthy cause.

At a recent meeting of the Lethbridge Board of Trade it was pointed out that the present service on the Crow line was the poorest Lethbridge has had in ten years, and in view of the amount of traffic on the line, the board thought it quite right to ask a resumption of the through day train between Medicine Hat and Cranbrook. The Pass in general would benefit by the resumption of such service, and it is hoped that the joint petition of the boards of trade and other bodies in the south will receive deserved consideration from the railway people.

The provincial secretary of the Red Cross Society acknowledges receipt of \$231.50, contribution from officials and employees of the West Canadian Collieries at Blairmore.

The drink bill of the British Islands for 1915 amounted to the large sum of £181,569,000—an increase of £17,006,000 compared with 1914. The average expenditure per head of the population £3 18 10, compared with £3 10 10. While there was an increased expenditure, the amount of alcohol consumed was less, being 92 per cent. of the quantity consumed in 1914. The increased cost through additional taxation, etc., explains the difference.
